**To the UNESCO Intergovernmental Committee**

Câmara de Lobos, 28 October 2025

**Consent for the Candidature of the Madeira Wine Traditions**

We, on behalf of the 1082 Santa Cecilia Group of the National Scouts Corps (Corpo Nacional de Escutas), express our support and consent for the inclusion of information regarding the participation of our group in the presentation dedicated to the candidature of the Madeira Wine Traditions for inscription on UNESCO's Representative List of the Intangible Cultural Heritage of Humanity.

The 1082 Santa Cecilia Group, as a youth organisation guided by strong values of service, education, and respect for nature and traditions, recognises the importance of preserving and promoting Madeira's cultural heritage. Participating in this initiative makes it possible to educate young scouts about the value of local traditions, fostering regional pride and respect for the cultural legacies that shape our identity.

During the presentation, the 1082 Santa Cecilia Group collaborated actively, contributing with its spirit of mutual help and community involvement, strengthening the bond between the younger generations and the legacy of Madeira Wine.

We therefore give our consent for the name and participation of the 1082 Santa Cecilia Group to be included in the candidature. We consider this experience enriching for our members, as it deepens cultural knowledge, reinforces the sense of belonging to the Madeiran community, and highlights scouting's commitment to the preservation of traditions and human heritage.

We believe that the candidature of the Madeira Wine Traditions for UNESCO's Representative List of the Intangible Cultural Heritage of Humanity is an essential step toward recognising and safeguarding a symbol of Madeira's identity, and we are proud to contribute to this goal.

The Leadership of Group 1082

Rosalina Freitas
